1. This memorandum will confirm our recent conversation.
2. I understand that Britt Snider, General Counsel of the Senate Select Committee on Intelligence, has advised that he has received a request from Joseph Persico, an author doing a biography of former DCI Casey. The author has asked that he be provided with portions, if any, of the 21 November 1986 transcript before the SSCI on Iran/Contra that may be declassified. Snider would like to accommodate, if possible. I understand that you and Snider have discussed this matter and that you advised that Snider's request should be routed through OCA.
3. Per our discussion, would you please have the persons who are expert in this material review the transcript for possible declassification of portions thereof. Let me know when this is completed so that I may contact Britt directly.
